Mobile Application Developer

Experienced mobile app developer with 3+ years of expertise in React Native and Expo. Proven ability to develop high-quality applications, with a focus on user experience, performance and scalability. Looking to leverage my skills at your company.

EXPERIENCE

Senior Mobile Engineer

Oct 2025 - April 2025

Totum LLC, Orlando, FL (Remote)

- Co-develop the Totum mobile app for Android and iOS from the ground up, to build a scalable architecture.
- Work closely with designers and backend engineers to deliver a seamless, responsive, and visually consistent user experience.
- Maintained and added new features to the Totum app , ensuring ongoing stability and improvements.
- Optimize performance, resolve bugs, and ensure a stable, production-ready app that aligns with Totum's brand vision.

Founding Mobile Application Developer

Sep 2023 - Present

Supplya, Lagos (Remote)

- Sole developer responsible for building and maintaining the company's cross-platform mobile app with React Native and Expo.
- Delivered a 100% performance boost and reduced development costs by 20%.
- Optimized functionality, improving speed by 15% and user satisfaction by 30%.
- Integrated third-party APIs and collaborated with cross-functional teams to deliver reliable, high-quality releases.

Mobile Application Developer

Jan 2025 - May 2025

Belarush, Oyo (Remote)

- Rebuilt the Belachow Vendor and Rider apps for Android and iOS from the ground up using new product designs.
- Collaborated with backend and frontend teams to ensure seamless integration and smooth performance.
- Maintained and enhanced the Belachow User app, improving stability and overall user experience.
- Boosted performance by 30% and increased user retention by 25% through optimizations and timely feature delivery.

Mobile Application Developer

Sep 2024 - Nov 2024

Belarush, Oyo (Contract)

- Rebuilt the Belarush Restaurant app for both Android and iOS, based on new product designs.
- Ensured seamless system integration through close collaboration with backend and frontend developers.

- Achieved significant improvements in user engagement (+30%) and user satisfaction (+75%).

Freelance Mobile Application Developer (Remote)

May 2022 - Present

- Developed and delivered customized mobile applications for various clients using React Native and Expo.
- Successfully completed 3 freelance projects, each meeting clients' specifications and deadlines.
- Utilized Firebase for backend services, ensuring reliable and scalable app performance.
- Integrated multiple third-party APIs to add diverse features and capabilities to applications.
- Received consistent positive feedback from clients, with an average rating of 4.8/5.
